Subject: Questions about Gulfco Marine site progress. Site ID TXD055144539

04/28/2005 01:28 PM

I was curious as to the progress on the site cleanup.  
I live on the adjacent canal and was previously told the neighborhood was  
eligible for a TAG to test the mud and crabs.  
Could you please update me and let me know how to procede from this point
